Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Sunday 04 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Unsettled with showers, risk of thunderstorms on Sunday.

Today:
A cloudy, dry start but showers quickly developing during the morning. Showers will be heavy at times and likely to be slow moving. There is a risk of thunderstorms and possibly hail. Maximum temperature 22 deg C (72 deg F).

Tonight:
Into the evening, showers will merge to form longer spells of rain before gradually clearing northwards in the early hours of the morning. Minimum temperature 13 deg C (55 deg F).

Monday:
Monday morning will be showery once again, although much lighter and more isolated than previous days. Turning dry during the afternoon with some sunny spells continuing into the evening. Maximum temperature 20 deg C (68 deg F).

Outlook for Tuesday to Thursday:
Heavy rain on Tuesday morning, drier but still cloudy during the afternoon. Wednesday and Thursday will see scattered showers, low risk of turning heavy and thundery.
